

# NOTICE OF A PROPOSAL by RE Midhurst 6 ULC to Engage in a Renewable Energy Project and Notice of Additional 30-Day Comment Period

**Project Name:** RE Midhurst 6 Solar Project

**Project Location:** The Project is located on Russell Road in Midhurst, north of Barrie.

**Dated at Township of Springwater this the 14th of September, 2011**

RE Midhurst 6 ULC is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval is required. The proposal to engage in the project and the project itself are subject to the provisions of the *Environmental Protection Act (ACT)* Part V.0.1 and Ontario Regulation 359/09 (Regulation).

Pursuant to the Act and Regulation, the facility, in respect of which this project is to be engaged in, is a Class 3 Solar Facility. If approved, this facility would have a total maximum name plate capacity of 9 MW. The project location is described in the map below.

A proposal for a renewable energy approval in respect of the renewable energy project was posted on the environmental registry ([www.ebr.gov.on.ca](http://www.ebr.gov.on.ca), Registry Number: 011-4163) for a 30-day comment period between July 20 and August 19, 2011. Comments received during this time period are currently being reviewed by the Ministry of the Environment (MOE).

However, one of the Project documents (the Consultation Report) was inadvertently omitted from posting on the Project website ([www.ontariosolarfuture.ca](http://www.ontariosolarfuture.ca)) during this 30-day review period. As a result of this accidental omission, the MOE is allowing for an additional 30-day review period between September 14 and October 14, 2011.

All of the Project reports, including the Consultation Report, are currently available on the Project website ([www.ontariosolarfuture.ca](http://www.ontariosolarfuture.ca)).

Comments regarding this project should be submitted directly to:

**Sarah Raetsen**
